# A WARM WELCOME

Dear Parents & Students,

At the very onset, I am prompted to use a Nelson Mandela's quote: "Education is the most powerful weapon which you can use to change the world."

Over the past two decades, India has seen a sea change in the higher education scenario with a move towards inter-disciplinary studies and interactive learning which has created multiple challenges for the educational establishments of the country, especially the universities. The rigours of the contemporary world require professionals to keep alive their quests for knowledge.

Royal Global University (RGU), with its successful initiation as a University, is already the first choice for many aspirants of higher education. RGU guided by its vision and mission, is already standing strong as a global contributor in the education scenario of the nation.

With the privatization of education in India, the major focus is on creating a platform for quality in knowledge enhancement and bridging the gap between academia and industry. The curriculum of the university has been designed with industry-specific goals, as well with eyes to the holistic development of each student with respect to his/her attitude, aptitude, behaviour, communication skill, knowledge about the nation and also mental & physical well-being, crafting them as socially responsible citizens. The dynamics of the fast-changing world urges the academicians to give the right impetus to make life-long learners out of students.

As we look to the future, one thing is certain – every aspirant of higher education has to become a think-tank on his/her own. Our challenge is to help generate ideas that will benefit society as well as to educate and train people to work in fields where they will be valued both for their specialised knowledge and for their ability to research, innovate, communicate and analyse problems.

I welcome all the students who chose to be a part of this premier University. I am sure that you will feel proud to be associated with us and will make us equally proud with your academic excellence and future achievements.

# ROYAL INNOVATION INCUBATOR

Royal Innovation Incubator (RII) is an initiation under Institution's Innovation Council- RGU to provide young, motivated students with a platform to develop and realize their potential. The RII has received the certificate of recognition by Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2021, a flagship program of the Ministry of Education, Government of India, and AICTE.

With the regular activities, RII brings together entrepreneurs, investors, and innovators to, build a global network of smart minds. With a wide variety of programs covering a variety of topics, we continue to invest in tomorrow's leaders and offer even greater opportunities for those already leading the way.

# ROYAL INNOVATION INCUBATOR

Under the aegis of the Royal Innovation Incubator, Dr. Hirak Ranjan Das & Mr. Sasank Barua (the Incharge of RII) have been selected as mentors for 5 Atal Tinkering Labs within the state.

Under the incubator, different prototypes have been already developed. A few of these prototypes are Autonomous Electric Vehicles, Smart Cooking Devices, Hex copter for Agricultural Soil Testing, Amateur radio, Smart Weather Station, ADSB Ground Station, Cyber Security projects, Aerator for Fishery, and many more.

## AEDIFICATORIA

Aedificatoria, the annual event of Royal School of Architecture a part of Royal Global University, is an innovative and creative initiative for igniting young minds. The event focuses on bringing forth novel design ideas and concepts on various parallels in the field of Architecture, Planning and Design. The event hosts exhibition of students' academic work and various lecture series and panel discussion by eminent personalities and industry experts. During the event, the campus comes alive with various work of fine arts by the students. Every year the students are introduced with a design innovation with different materials developing various skillsets. This year the students are working on the concepts of 3 R's: Reduce, Reuse and Recycle that sensitizes them to become better designers.

## ZONASA-ALFIESTA

On the 60th anniversary, for the first time in history, zo-NASA is being held in the north-east of India. An achievement which shows the might that the organization has grown to and the extent of its reach ever encompassing. As the famous saying in the spider-man movie, "with great power, comes great responsibility", tells the organization and ourselves that we need to take a breather and look to our past to see what we can do better and what needs to be done with humility and bring the right solutions from the past our drink and pair it with the present context and needs, our meal and make the best future, our feast ALPHIESTA to be seen. So, let's band together and make this zo-NASA on this remarkable 60th anniversary, an event to be remembered forever an ALPHIESTA.
