The finest part about being part of Asian Business School is the abundance of industry exposure and opportunities. I was encouraged by my faculty to come up with new ideas and put them to the test. It has been the place where I learned about other facets of my strength and how I can use them to climb the ladder. I am delighted to share that I have been selected at COLGATE PALMOLIVE (INDIA) LTD. and would like to thank Corporate Resource Cell at the institute for getting the company on campus.

Doon University

State University Estd. by Govt. of Uttarakhand

THE SCHOOL OF MANAGEMENT

While there is no dearth of B-Schools in Uttarakhand with the entire country witnessing a mass proliferation of B-Schools and other professional Institutions, the quality of education and the sustainability of the graduates being churned out has been a matter of concern in recent times, with Indian industry reporting that a large number of MBAs in the country lack employability. Quality education with innovative and novel pedagogy, rich intellectual capital, state of the art infrastructure, high level of Student-Faculty interaction and cohesion, plethora of activities, soft skills delivery-all immersed in a vibrant academic culture is the requirement of today's management education. The School of Management at Doon University was established in 2010 to cater exactly to this requirement. It is a pan Indian conception where students from diverse regional and University backgrounds study in unison.

With the lofty ideals of quality in education, commitment, fostering leadership, inculcating missionary zeal among students, zeal to excel and zest for change, we aspire to maintain our position as a top notch Institution for the moulding of young minds who can lead the transformation in organizations across the heat and dust of the Country.
