PROPELLING VALUE CREATION AND SUSTENANCE THROUGH BUSINESS LEADERSHIP.

MESSAGE FROM THE MANAGEMENT

The new world order has propelled global power-shifts and digitalisation in most aspects of human endeavours. Most theoretical constructs that defined trade, commerce, business, and management in the past century are now redundant, calling for a paradigm shift and reimagination of business structures and everything encompassing the spectrum of business and management functions.

This has necessitated the academia to re-think the way it is creating the next generation of business leaders. This has meant bridging the gap between academia and corporates so as to enable holistic academic pursuits in knowledge creation, knowledge dissemination, and knowledge application – more so with the purpose of sustenance in value creation.

Towards this, the Sparsh Group has taken the initiative of creating Sparsh Global Business School, a new-age business school equipped with state-of-the-art infrastructure and also a conducive ambience for value-creation and value-delivery for the global student community – and society at large. This has propelled the corporate community to reimagine businesses, manufacturing techniques, resource utilization, so as to create footprints in a world of sustainable business.

SGBS, born of a business house, is committed to creating a transformational journey in all learners – thereby creating conscious, compassionate, and efficient business leaders of tomorrow.

DR. SHISHIR AGARWAL

CEO'S MESSAGE

DR. AMIT SAXENA

In ever changing dynamic business environment, disruption is the new normal. The advent of technology also brings tactical shift in the working environment as well and therefore, today we need business leaders who can thrive with their flexible outlook in a world that is full of uncertainty. Who else can understand this better than a business house itself therefore, to cater to the needs of the market, Sparsh Group launched Sparsh Global Business School to bring transformative education, prepare the next generation of business leaders, and cultivate a strong research culture relevant to the needs of academia, business, and society.

At Sparsh Global Business School, we have embraced this challenge and curated the programs very differently wherein, we have not only tried to bridge the gap between academics and industry but also how we impart knowledge and conduct research and bring entrepreneurial spirit in every individual. The core focus is being global, experimental, and transformation to groom the generation next to face and adapt to any kind of business challenges and become socially responsible business leaders.

SGBS offers highly competitive AICTE-approved postgraduate program in management, executive education programs in data science and business intelligence, and entrepreneurship and innovation which are meant for those who are looking for the new-age education aligned with NEP 2020. At SGBS, we also have stitched a seamless relationship with the best global and Indian institutions to give a holistic environment of learning to our students.

We are proud – and fortunate – to have professors who excel in both research and teaching. They are committed to providing students with a top-rate business education. Some of them also have significant industry experience and serve on corporate boards.

SGBS has a very strong network of employers and top corporate professionals are also a part of a mentorship program to nurture every student to inspire them to drive business transformation with an entrepreneurial mindset from day 1.

Located in the Delhi NCR region, Sparsh Global Business School is an exciting place to learn and grow. We welcome you to join our community of achievers who are shaping the future of business.

DIRECTOR'S MESSAGE

DR. RAVI KUMAR JAIN

Founding Director & Member Secretary, Professor of Finance & Strategy

Sparsh Global Business School (SGBS) is a new-age Business School in India's management education realm, under the aegis of a prominent corporate house with a legacy of over five decades. This empowers our education that's enabled by an environment blending academic excellence, comprehensive and smart infrastructure, and numerous opportunities. Housed in the Center of Excellence, it's a world-class facility spanning over 3.5 lakh square feet of architectural excellence, designed to provide an enriching and immersive learning experience.

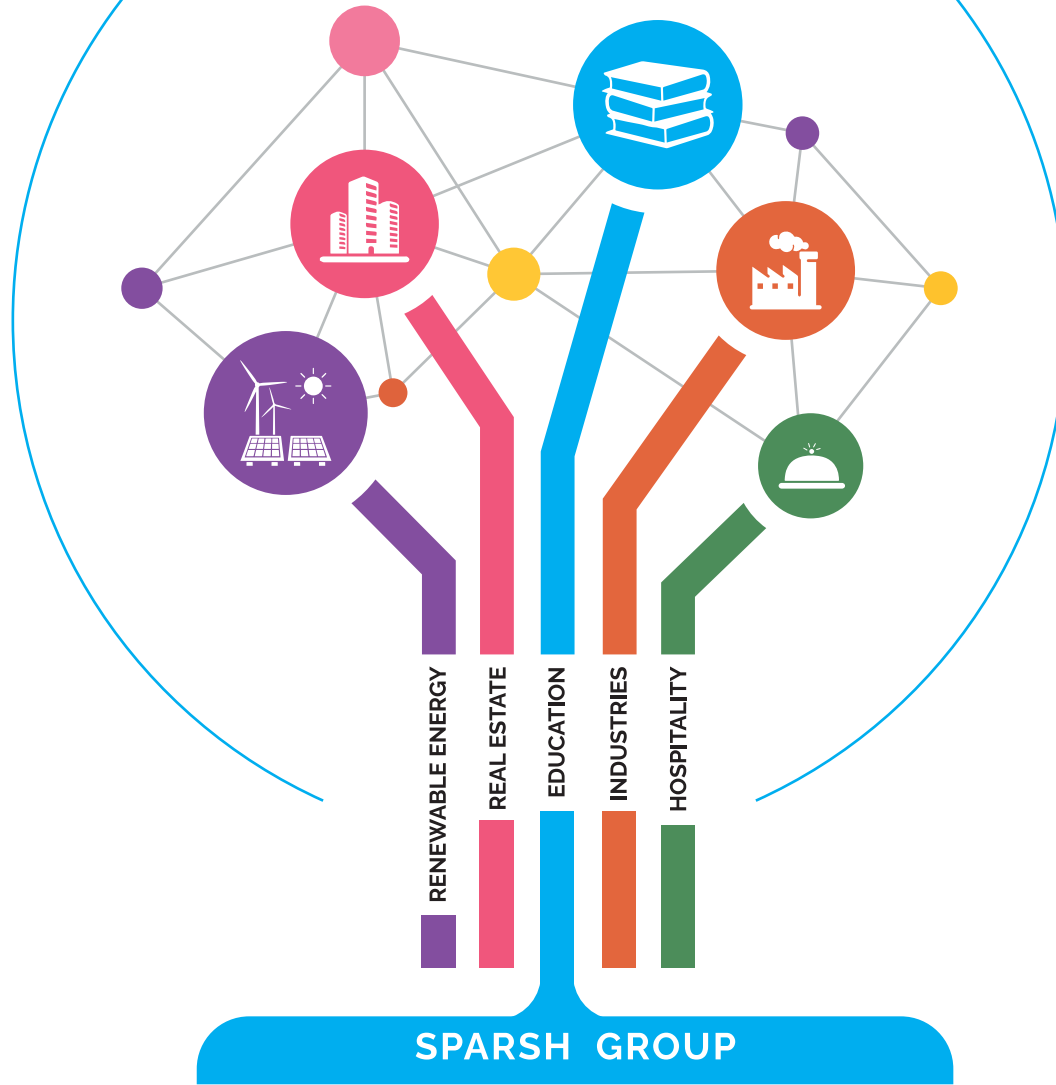

The rich legacy of Sparsh Group gives SGBS the edge of a wide network of corporate partners, global business houses, international institutional partners, a start-up ecosystem – all of which give the school, elements for effective business and entrepreneurial training of global standards, thereby bridging the proverbial gap between Academia and Practice.

Highly qualified research-rich faculty members contextually fit comprehensive curriculum in collaboration with prominent international universities, pedagogical diversity and innovative approach to teaching-learning methods and social immersion make learning more personalised, holistic, contemporary, and effective at SGBS. We aim at inculcating the 'spirit of inquiry', 'independent thinking', 'data-driven objective decision-making' and most of all, 'high tolerance for ambiguity and diversity' among our learners.

SGBS has developed its own and unique '4-E Framework' that comprises Experiential Learning, Experimental Approach, Entrepreneurial Spirit, Environmental Consciousness – to promote holistic growth with responsible business acumen oriented towards '4-Ps of Sustainable Business' that are Purpose, People, Planet, and Profits.

SGBS is on a mission to create and nurture a global talent pool 'from India, for the world' in the domain of Business Management and Entrepreneurship.

**AN
APPROACH
THAT STEERS
HOLISTIC
DEVELOPMENT.**

Values we stand for

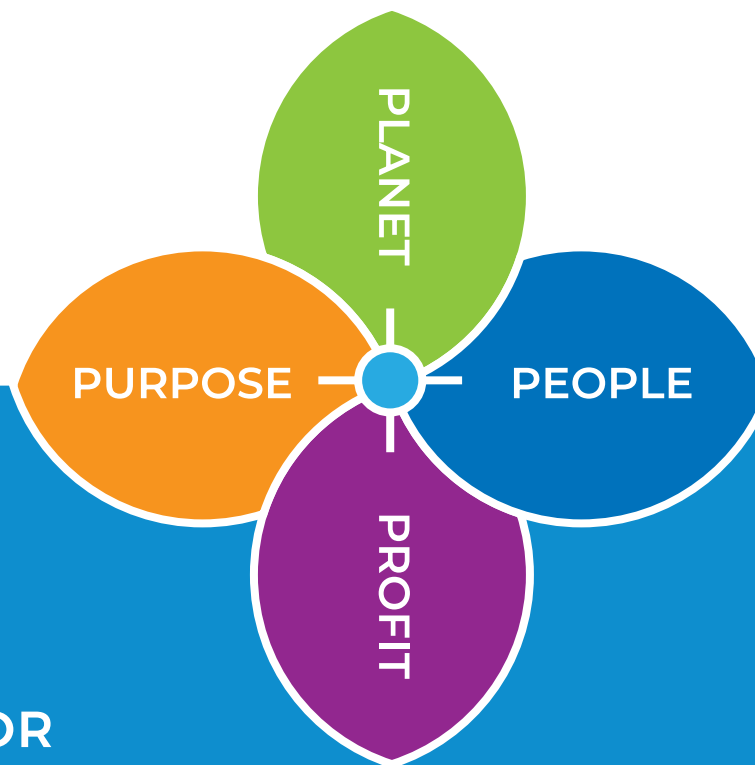

- Inclusivity and Equity
- Discipline and Commitment to Cause
- Integrity and Work Ethics

Vision

To promote conscious capitalism and sustainable living through transformative business education.

Mission

To nurture global citizens and environmentally-conscious business leaders of tomorrow.

OUR 4P PHILOSOPHY FOR RESPONSIBLE BUSINESS LEADERSHIP

At SGBS, we impart learning focused through our philosophy of 4Ps, to nurture purpose driven, environmentally conscious business leaders of the future.

Ours is a holistic approach through which we enable next-gen leaders to make a crucial shift, from profit-making and wealth maximization, to people and the planet on the centerstage of business.

We advocate a policy of responsibility over 'Damage-Repair-Restore'. Repair-Reuse-Recycle is our mantra, through which we impart the essence of responsible consumption and conscious capitalism leading to environmental conservation.

SCBS is a new-gen school to GET

- Global in exposure
- Experiential in learning process
- Transformational in effect

THE SGBS '4E FRAMEWORK' OF PEDAGOGICAL EXCELLENCE

The '4E Framework' is a module that ingrains collective learning in learners from all fronts of business and management education. It encompasses:

- **EXPERIENTIAL LEARNING**
- **EXPERIMENTAL APPROACH**
- **ENTREPRENEURIAL SPIRIT**
- **ENVIRONMENTAL CONSCIOUSNESS**

EXPERIENTIAL LEARNING:

A bouquet of curated immersive pedagogy benchmarked with the best in the world and crafted by seasoned industry practitioners. It enables the learner to engage in real, as well as, simulated business situations and problem solving scenarios.

EXPERIMENTAL APPROACH:

This conditions and trains the learners to experiment with new ideas, and improve their risk taking appetite. It enhances capabilities to confront ambiguity in life and business, and builds confidence to take charge of situations.

ENTREPRENEURIAL SPIRIT:

To cultivate an entrepreneurial mindset, learners develop future orientation, critical thinking and problem solving skills through innovation and creativity. This makes them adept at spotting opportunities, taking initiatives, adaptive collaboration and being self-reliant.

ENVIRONMENTAL CONSCIOUSNESS:

This approach sensitises learners about responsible business practices, the attitude towards environmental conservation & preservation, sustainable thinking and conscious consumption to pursue business without any natural collateral damage.

A CAMPUS THAT REFLECTS OUR THINKING

SCBS has a new-age digital campus that is futuristic, intellectually stimulating and has an environment with vibrant learning spaces. It's a world-class study space strategically located in the hub of educational institutions at Knowledge Park III, Greater Noida. Ours is a LEED-certified green campus that is committed to have Zero Carbon Footprints.

14 COMPELLING REASONS TO CHOOSE SPARSH GLOBAL BUSINESS SCHOOL

● **B-School from a Business House**

Amongst those very few new breed of B-schools with a corporate DNA, uniquely positioned to offer a crucial mix of theory and practice across the program structure.

● **Contextually Tailored Curriculum**

Cutting edge curriculum, with a fair mix of phygital and blended learning, tailored to the rapidly changing business context of the disruptive digital era.

● **Immersive & Engaging Pedagogy**

Learners engage in field studies, exploratory research, hands-on problem solving assignments through specially crafted experiential learning labs where they get to innovate and evaluate social and corporate problems.

● **Mentoring by Masters**

Learners are mentored one-on-one, by senior corporate leaders throughout the program. This facilitates participative 'Learning by Shadowing' experts, by experience sharing, continuous feedback, apprenticeship, and active engagement.

● **Global Footprints**

Focus on nurturing global citizens by virtue of its corporate reach, providing global footprints through corporate partnerships, immersion programs and study-abroad programs that can lead to global opportunities.

● **Sim Lab**

Powered by marquee global brands such as Harvard Business School, Bloomberg, Capstone, NSE etc., our Business Simulation Laboratory allows learners to do trial-error in a risk-free environment. Giving them real business experiences with guided learning.

● **Start-Up Garage**

A full-fledged entrepreneurship lab called Sparsh Combinator, exists under the partnership of an internationally acclaimed Start-Up Accelerator and a registered Angel Fund. This functions to encourage young entrepreneurs to weave sustainable business models.

- **Win@Work Modules**

A bouquet of specially crafted modules throughout the program, designed and delivered by our industry partners and global agencies to hone life skills of our learners.

- **Social Immersion**

The focus is on nurturing environmentally conscious business leaders of tomorrow, where learners shall engage in social impact activities the ESG framework and UN Sustainability Development Goals.

- **Action Research**

To create scholastic impact by understanding and evaluating the Best Practices, and also contributing in developing the Next Practices for the business world. Qualitative and case method research would be at the core, with dedicated resources and global partnerships.

- **Professional Certifications**

Certificate programs from global stakeholders and Ivy League Institutions are offered for employment enrichment of our learners. SGBS students also get the opportunity to avail online certification from Harvard Business Online.

- **Crafting Creative Careers**

We offer support and a systematic approach in crafting careers through competency mapping and personality profiling. A dedicated center for Corporate Engagement and Career Advancement with career counsellors, behavioural scientists, enables in crafting a rewarding career and a meaningful life.

- **Gardner's Multiple Intelligence Framework**

Specially designed modules inspired by globally acclaimed Gardner's Multiple Intelligence Framework, is an amalgamation of nine types of intelligences – General, Linguistic, Logical/Mathematical, Spatial, Bodily-Kinaesthetic, Musical, Interpersonal, Intrapersonal, and Naturalist.

- **I-EVOLVE Metric**

Our proprietary and unique learning-outcome metrics assess and evaluates learners' progress, powered by attributes of responsible business leadership - entrepreneurship, values, objectivity, lateral thinking, versatility and environmental consciousness - right from their induction till graduation.

CURRICULUM FRAMEWORK

PROFESSIONAL CERTIFICATE PROGRAM IN DATA SCIENCE & BUSINESS INTELLIGENCE

FOUNDATIONS OF BUSINESS ANALYTICS

A comprehensive overview of the Foundations of Business Analytics curriculum is designed to equip students with a robust grounding in both the theoretical underpinnings and practical skills essential for a career in analytics.

Segment	Core Deliverables
Statistical Foundations	Mastery of probability and statistical tests for analytics applications.
Data Collection & Cleaning	Skills in accurate data gathering, cleaning, and preparation for analysis.
Exploratory Data Analysis (EDA)	Proficiency in identifying data patterns, anomalies, and relationships through EDA.
Predictive Modelling Concepts	Understanding the theory behind and application of predictive modelling techniques.
Data Visualization	Competence in using visualization tools for effective representation of data insights.
Ethical and Legal Aspects	Awareness of ethical considerations and legal frameworks critical in analytics.
Analytical Tools Introduction	Familiarity with essential tools and software (e.g., Excel, SPSS) for analytics.

ADVANCED TOOLS

This segment equips students with the knowledge and skills to utilize advanced analytical tools, preparing them for sophisticated data analysis tasks.

Segment	Core Deliverables
Data Management	Mastery of database management systems; ability to organize, store, and retrieve data efficiently.
Statistical Analysis Tools	Proficiency in advanced statistical software (e.g., R, SAS); ability to perform complex statistical analyses.
Business Intelligence Software	Skills in using BI tools (e.g., Tableau, Power BI) for data visualization and decision-making.
Programming for Analytics	Competence in programming languages relevant to analytics (e.g., Python, SQL) for data manipulation and analysis.
Machine Learning Tools	Understanding of machine learning algorithms and tools; ability to apply them to predictive modeling tasks.

DEEP DIVING FUNCTIONAL APPLICATIONS OF ANALYTICS

This segment focuses on applying analytics in various functional areas, highlighting specific industry needs and solutions.

Segment	Core Deliverables
Marketing Analytics	Ability to analyze consumer data, market trends; skills in campaign analysis and customer segmentation.
Financial Analytics	Proficiency in analyzing financial data, forecasting, risk assessment, and investment analysis.
Operations Analytics	Skills in optimizing supply chain, logistics, production processes through data analysis.
Human Resources Analytics	Ability to analyze employee data for insights into hiring, retention, performance management.
Healthcare Analytics	Skills in analyzing patient data, treatment outcomes; understanding of healthcare system optimizations.
Retail Analytics	Ability to leverage consumer and sales data for inventory management, customer experience enhancement.

EMPOWERING WITH CUTTING EDGE TOOLS:

- ◆ TensorFlow ◆ PyTorch ◆ SQL Databases (PostgreSQL) ◆ MongoDB ◆ Apache Spark
- ◆ Docker ◆ Airflow ◆ AWS (Amazon Web Services) ◆ Tableau ◆ Kafka ◆ Power BI
- ◆ Ad Excel ◆ IBM-SPSS ◆ R ◆ Python ◆ SAS-Enterprise ◆ Eviews ◆ Hadoop

PROFESSIONAL CERTIFICATE PROGRAM IN ENTREPRENEURSHIP AND INNOVATION (11 months)

Discover the entrepreneur in you to craft a better future

WHY PCP IN ENTREPRENEURSHIP AND INNOVATION

- ◆ Tech Stack Digital Technologies infused program ◆ State-of-the-art Incubation Ecosystem
- ◆ Presenting Business idea to VC's ◆ Develop Entrepreneurial Mindset ◆ Economic Responsibility and Sustainability
- ◆ Be a job creator than a job seeker ◆ 100 hours of special training with our startup ecosystem partners Bombay Stock Exchange, BSE (Startup Zone and T-Hub, Hyderabad.) ◆ Also an option to work with international startup ecosystems.

DISTINCTIVE FEATURES AND CURRICULUM FRAMEWORK

Year	Module	Deliverables and Outcomes
1	Structured Training and Business Incubation	Ideation: Proof of Concept (PoC) Development: Minimum Viable Product (MVP) Creation: Funding Opportunities
2	Business Acceleration Phase	MVP to Market Access Strategic Canvas Development Global Startup Ecosystem Access Assured Funding Support
3	Game-changer phase with Global Footprints	'Plug-N-Play' Co-Working Space Game-Changer Funding Opportunities Global Events and Competitions

- ◆ Unique combination of courses covering Business Core, tech stack digital technologies
- ◆ 3 entrepreneurial verticals and 4 functional streams to choose from
- ◆ Startup Garage
- ◆ Incubation Ecosystem
- ◆ Access to Startup funds
- ◆ 2 weeks Optional Global Immersion
- ◆ 1000+ learning hours
- ◆ 4-6 weeks of corporate immersion
- ◆ 100 hours of social immersion

BUSINESS FOUNDATION

The foundation segment provides the essential background knowledge and understanding necessary for entrepreneurs. It encompasses broad areas of business that underpin more specialized study and practice.

Segment	Core Deliverables
Economics	Understanding of micro and macroeconomic principles; ability to analyze market trends.
Accounting	Basics of financial and managerial accounting; reading and interpreting financial statements.
Business Law	Knowledge of legal frameworks surrounding startups, intellectual property, contracts, and employment.
Management Principles	Theories of management and leadership; organizational behaviour insights.
Marketing Basics	Fundamentals of market research, branding, and consumer behaviour.
Technology in Business	Overview of how technology shapes modern businesses; introductory digital tools and platforms.

BUSINESS CORE

The core segment delves into the specific, actionable skills and advanced knowledge areas critical for entrepreneurship and innovation. It focuses on practical applications, case studies, and project-based learning to prepare students for real-world challenges.

Segment	Core Deliverables
Entrepreneurship Fundamentals	Creation of business models; startup lifecycle understanding; risk assessment and management strategies.
Innovation Management	Techniques for fostering innovation within organizations; managing the innovation process from ideation to implementation.
Financial Planning for Startups	Budgeting, financial forecasting, securing funding (VC, angel investors, crowdfunding).
Marketing for Entrepreneurs	Developing and implementing digital marketing strategies tailored for startups; leveraging social media for brand building.
Operations Management	Streamlining operations for efficiency; supply chain and logistics for small businesses.
Product Development and Management	From idea validation to market launch; managing product life cycles.
Entrepreneurial Leadership	Cultivating a vision; leading teams through growth and challenges; decision-making under uncertainty.
Networking and Pitching	Building relationships with mentors, investors, and partners; effective communication and pitching skills.

EXPERIENCES ON-CAMPUS, FOR THE LIFE OUTSIDE.

STUDENT LIFE

SGBS commits to a student life in campus that encapsulates a plethora of activities leading to holistic development and intellectual growth. Such growth comprises:

● **Emotional Intelligence** involving emotional balance

● **Intelligence Quotient** involving functional growth

GIVING THE EDGE OF EMPLOYABILITY.

VALUE-ADD & EMPLOYABILITY ENRICHMENT

The state-of-the-art **Centre for Education Beyond Curriculum (EBC)** at SGBS engages with corporate leaders, senior practitioners, and top academia globally – to offer curated and specially-designed courses that encapsulate the fast-changing dynamics of New-Gen Business Management and Technology in today's fluid world.

Value-Add: These include a wide range of interventions capturing contemporary topics aligned with the latest trends and practices globally in the business environment, in association with academic bodies, policy-makers, industry associations and global think-tanks.

Employability Enrichment Program: These include a set of Industry Certifications offered by globally-acclaimed business consultancies in order to enrich the employability quotient and placement prospects. Certifications include 'Bloomberg', 'Six Sigma', 'SAAS & Cloud Computing', 'UX & Design Thinking', 'Idea to Business', 'HR Analytics' and many such.

EMINENT RECRUITERS

7. Payment of 1st installment (As stipulated in the Offer Letter)
8. Commencement of session

ADMISSIONS @ SGBS

OUR ADMISSIONS PHILOSOPHY

SGBS is inviting learners who have a natural inclination and ability towards management and possess an entrepreneurial mindset. Through our unique and proprietary I-EVOLVE metric, we evaluate all our learners right from induction till graduation via a multistage screening process.

A program like this needs a talent willing to walk an extra mile. So, if you have compassion in heart, fire in the belly, creativity in the mind and keenness to do something more to challenge the status-quo and excel at a global stage, then you are welcome. SGBS provides you the opportunity and a congenial environment that shall transform you in to a future leader who can be a game-changer.

ELIGIBILITY & SELECTION PROCEDURE

- Recognised Bachelor's Degree (10+2+3 or 4) in any discipline from a recognised university with at least 50% in graduation. (As per AICTE Guidelines)
- Final year graduate students can also apply.
- Candidates with work experience and/ or additional educational qualifications will get extra weightage.
- NRIs/ Foreign Citizens can seek admission based on their Academic Merit, Group Discussion, and Personal Interview. (As per AICTE guidelines)

SELECTION PROCESS

- Class 10th, Class 12th, and Graduation Exams
- Performance in Competitive Score like CAT/XAT/CMAT/MAT/GMAT/ATMA/NMAT
- I-Evolve - SGBS administers its proprietary and unique learning-outcome metrics to assess and evaluate learners' progress powered by attributes of responsible business leadership - entrepreneurship, values, objectivity, lateral thinking, versatility, and environmental consciousness.
- Group Exercise & Personal Interview
- Achievements in other spheres/activities highlighting leadership qualities

How to Apply

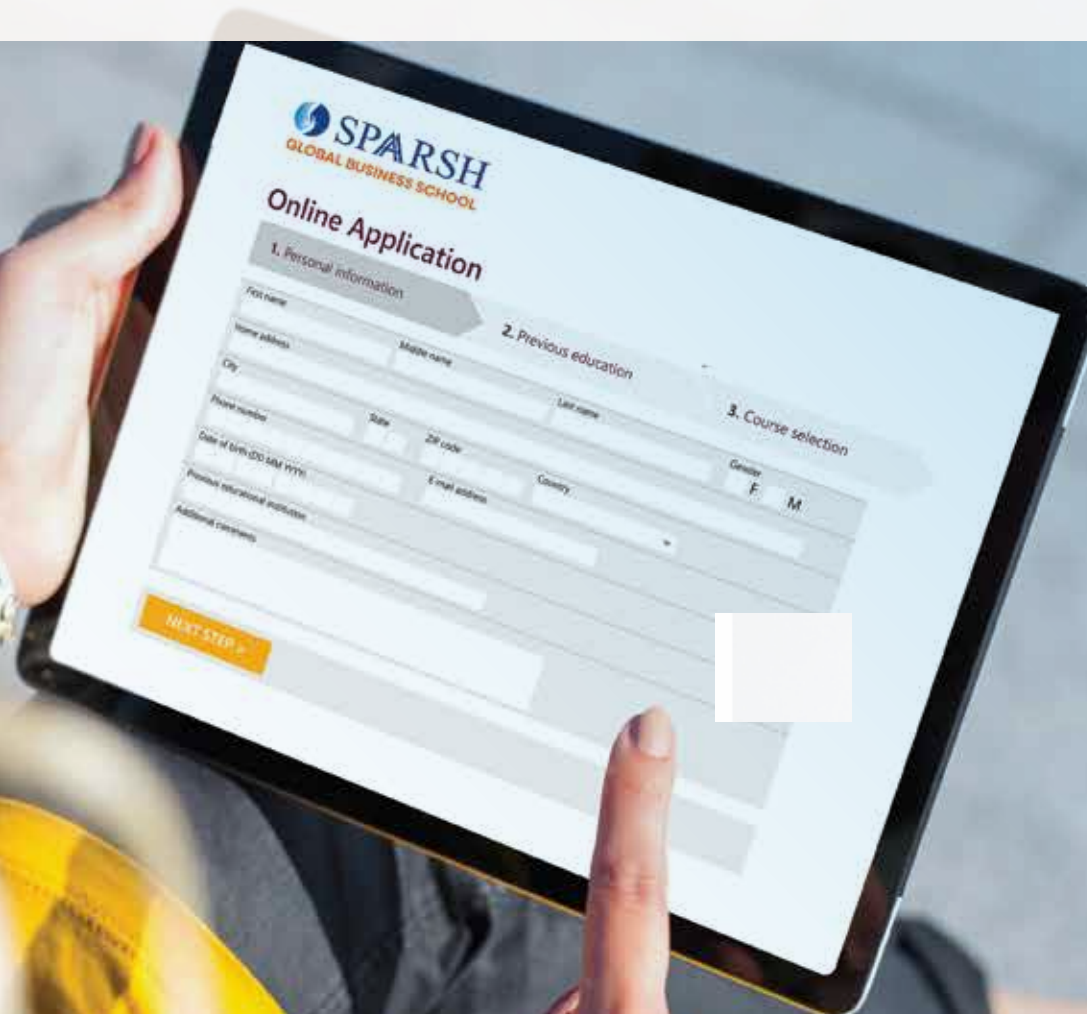

- Application can be submitted online at www.Sparshgbs.in using UPI/Debit card/Credit cards.
- Application can be collected directly from the institute on cash payment of Rs.1000/- or sending Demand Draft (DD) for the same amount in favour of "Sparsh Global Business School".

Bank Loan Support

Selected students can apply for loans at attractive rates of interest from our banking and NBFC partners. The loans will be granted according to the terms and conditions of the partners.

**SCHOLARSHIP
UNIVERSITY**

STUDYING

Where the mind is without fear
and the head is held high;
where knowledge is free;
Where the world has not been broken up
into fragments by narrow domestic walls;
Where words come out from the depth of truth;
Where tireless striving stretches its arms
towards perfection;
Where the clear stream of reason
has not lost its way
let my country awake.
into the dreary desert sand of dead habit;
Where the mind is led forward by thee
into ever-widening thought and action-
Into that heaven of freedom, my Father,

- Rabindranath Tagore
