JGLS is active in hosting conferences, seminars and public lectures on some of the most important issues related to law, society and business. These conferences are led by faculty initiatives under the aegis of the various research centres. Knowledge creation through dialogue and discourse has been the most fundamental source of academic inspiration throughout history. Joint conferences, symposia and workshops enable researchers, faculty and even students of JGLS to come together and discuss wide-ranging topics on a decided theme. This not only helps to build a strong multi-jurisdictional or inter-institutional dialogue, but also enables critical perspectives to develop from the 'meeting of minds.' JGLS has been mindful of the benefits that such exercises bring knowledge creation, and has therefore partnered with several law schools around the world to produce an intellectually stimulating environment for research.

JGLS is also conscious that the conferences should not merely act as a discursive event, but should translate into some form of publication or research project, so as to disseminate the research that the conference explores.

INTERNATIONAL HIGHER EDUCATION OPPORTUNITIES

JGLS has inked historic Memoranda of Understandings (MoUs) with prominent American universities to establish double-degree programmes. Through these programmes, students will be able to earn an LL.B. (or a B.COM./B.B.A./B.A. LL.B.) from JGLS and a J.D. from the partner American University, in as much as two years less time than it would otherwise take, if they were to pursue these degrees sequentially. This reduction of two years does not in any way affect the rigorousness of the course, and students get two separate degrees of LL.B. and J.D. in four years (and B.COM./B.B.A./B.A. LL.B. and J.D. in six years). This is done through extended exchange frameworks and credit transfers.

The three universities with which we currently have this arrangement are: Seattle University, Indiana University Bloomington, Maurer School of Law and University of Arizona, James E. Rogers College of Law. Both these institutions offer generous scholarships to JGLS students in the past.

NATIONAL AND INTERNATIONAL INTERNSHIPS & PLACEMENTS

The Office of Career Services (OCS) at JGLS requires and assists students in pursuing at least one 4-week internship during each of their term-break during summer and winter. Such internships are pursued by our students in a variety of organizations and institutions both within and outside the justice administration system. The internship program at JGLS is designed and administered with a vision of broadening the horizon of career opportunities that students are able to seek post completion their of legal education, ensuring that all the students can leverage on the internship program towards fulfilling their diverse career aspirations. Students are guided from their first day at the law school to understand the kind of internships they should be working towards and hand-holding is provided in understanding nuts and bolts of securing and succeeding in such internships.

The OCS also supports JGLS students in securing internships in their home towns and various cities around India through large database of recruiter contacts regularly maintained to ensure availability of diverse internships to cater to each students' specific needs and requirements.
