**Experiential

**Legal research
and writing**

Bachelor of Arts in Legal studies* is a three-year undergraduate degree programme offered by the Jindal Global Law School (JGLS), O.P. Jindal Global University (JGU). This UG programme, leading to a Bachelor's degree in Legal Studies is separate and independent from the existing B. Com LL.B. (Hons.), B.B.A. LL.B. (Hons.) and B.A. LL.B. (Hons.) programmes offered by JGLS.

The programme aims to prepare students to pursue careers in law and allied legal services and for further studies in law or in liberal disciplines. This degree will not enable its holder to enrol as an advocate to practice law. However, the degree offers numerous employment opportunities in law-related and allied fields e.g., paralegals, legal assistants, and policy professionals. In addition, the programme qualifies its graduates to pursue a three year LL.B. programme, a student can pursue 3 year LL.B. degree after completing the B.A. degree in Legal Studies, certain Master's programmes in law that do not require a Bachelor's degree in law (e.g., M.B.L. degree of certain universities), Post-Graduate diploma in law, and all other PG programmes. The programme also serves as a springboard for pursuing further studies in law outside India, such as Juris Doctor programmes in the United States. In that sense, BA Legal Studies is like any other UG programme but it is particularly meant for students who have a stronger inclination to pursue the study of law but may not be willing to enrol in a full-fledged law programme in India.

THE PHILOSOPHY

The programme aims to provide instruction in key foundational areas of law, which helps students to have "legal imagination". Legal imagination is not knowledge of law per se but it is a "skill" that helps create a framework for law to perform its functions in society. Such a framework is extremely important in the routine work of courts, law offices, and law firms. Subjects like constitutional thought and policy, contractual theory, and governance structures in India provide students with legal imagination and a passion to pursue law as a profession.

In addition, the curriculum will provide training in critical skills essential for paralegal and pre-legal work, e.g. quantitative and qualitative analysis, professional communication, legal research and writing, logical thinking, problem solving, and heuristic skills. The disciplinary content of skill-based courses has been designed heedful of the needs of legal industry at large.

In order to familiarize students interested to perform paralegal work in specialized fields, there will be a panoply of courses on legal, regulatory, and policy aspects of equal rights, immigration, railway, aviation, health, intellectual property, technology, finance, and business. The various internship opportunities carefully planned by the Office of the Career Services (OCS), during semester breaks, will help students test their knowledge and skills on-field. Last but not the least, BA in Legal Studies provides the finest foundation for one who wants to pursue further education in law.

*B.A. in Legal Studies is an under graduate degree in humanities and social sciences. It is not a degree in law and does not come under the purview of Bar Council of India. A student can pursue 3 year LL.B. degree after completing the B.A. degree in Legal Studies.
