**Zanzibar**

# Admissions Open for AY 2025-26

## BS in Chemical Process Engineering

Open to all nationalities

### Important Dates

#### Application Close

July 05, 2025

#### Screening Test

July 13, 2025

#### Online Interview

July 25 - 31, 2025

#### Class starts

October 06, 2025

The **4-year BS in Chemical Process Engineering** offers a comprehensive curriculum blending core chemical engineering fundamentals with practical laboratory work, industry-aligned projects, and electives that encourage interdisciplinary learning. The program is delivered by a distinguished faculty team from IIT Madras, IITM Zanzibar, and partner institutions, ensuring rigorous academic standards and global relevance.

### Eligibility

- Class 12 or equivalent
- Form VI
- GCE Advanced Level
- IB Diploma
- Cambridge AS & A Level

*Note: Physics, Chemistry, and Mathematics are mandatory subjects*

**APPLY NOW** >

### Why BS - CPE at IITM Zanzibar?

- Strong Chemical Engineering foundation with specialization in Data Science applications, sustainable processing, energy, etc.
- Learn from esteemed faculty at IITM, IITB, and other top universities around the world.
- The CPE curriculum combines classical principles with modern approaches, addressing contemporary global issues as well as regional needs.
- Entrepreneurial and management education is integrated into the CPE curriculum.
- Pursue advanced studies or research at IITM Zanzibar, IITM Chennai, or other top global universities.
